Technical Notes

- All tables are available in HP - High Pressure Laminate (1-1/16" thick) with flat edge.
- Surfaces constructed of 45lb. density particleboard substructure with low pressure laminate or optional high pressure laminate.
- All tables are PVC 3mm edge banded.
- Grommet location must be specified at the time of order or it will default to a no grommet option.
- Power modules and grommets are not included, they must be specified separately.
- Table legs and bases are painted aluminum finish.
- Tables are shipped knocked down and must assembled on site.
- Casters cannot be used with TV Mount units and wire basket for tables larger than 78" long.

DIMENSIONS

Corner radius for small radius table tops is 1.5".

Corner radius for large radius tables tops is 9".

Top end overhang for large tables is 10.5"

Worksurface support beams and footrests (where applicable) are centered for tables 18" and 24" deep.

Worksurface support beams and footrests (where applicable) are 9" from the outside table edges for tables 30" deep.

Worksurface support beams and footrests (where applicable) are 12" from the outside table edges for tables 36 to 48" deep.
